## GOVERNMENT SUBVENTIONS

Residents of Macau who are registered with the Education Department qualify for student subventions. Government subventions are typically sent to the school twice a year in December and June. Student subventions are applied directly to a student's account upon receipt and are displayed on the statement.

TIS endeavours to register all qualified students with DSEDJ. Changes to a student's Macau ID, passport, or work permit can cause delays in student registrations. **Please report any document changes to the school office as soon as possible.**
